

## Hardware

### Performance vs Cost

10/27/19

Pg 20

Python - needs faster hardware  
- Ease of use

### Sensors

- Digital vs Analog

- Accuracy

- Cost

✓ Sensor → microcontroller

X microcontroller → sensor

royal air

- limited analog
- Rezero (Ball Robot)
- Dragonboard
  - Gpios
  - Idle3 (python)
  - may have to use C for speed

Sudo

- linaro
